

# SIMPLE, MOBILE & GLOBAL

As of 2013 there are more internet searches performed on mobile devices than computers, and one in five luxury property searches is generated from a mobile device.

- 40 points of interest based on the property location
- Refined search capability based on location or preference
- Quick search of interested country, city, or neighborhood
- Integrated mapping feature
- Search properties for sale, lease, and sold
- Tap to connect to a SIR broker or agent
- Save and share searches and properties
- Local lifestyle and community amenities search
